CULINARY ACADEMY

PRIVATE & CORPORATE EVENTS

Savour the Moment

Hands-on culinary experiences for corporate gatherings, team building and private celebrations in the heart of Kensington, Calgary.

THE EXPERIENCE

More Than a Meal — An Experience Made Together

Instead of simply sharing a meal, your guests create it together. Our chef guides the group through a relaxed, hands-on three-course experience from the first preparation to the final toast.

01

Cook together

Your chef leads the way as guests cook, collaborate and bring each course to life together.

02

Enjoy the meal

Gather around the table and savour the three-course meal your group created together.

03

Celebrate & connect

Settle in, celebrate and make memories over great food and good company.

We take care of every detail—from ingredients and equipment to instruction and cleanup—so you can be fully present with your guests.
